My name is Tazzy Redd and I am a diverse recording artist from Miami, FL. I've been performing in front of large crowds since I was about 5yrs old. I was a dancer though not an artist. I loved it. Sometimes I still get nervous before I go on but when the music begins, it fades quickly. Music is a big part of my family. When I was young, we couldn't afford lessons so I learned how to play piano, drums, and a little guitar by ear. You can definitely say that I've habe an ear for music.

A My inspirations are TLC, Bonethugs, Janet Jackson, Wayne Wonder, Eminem, Alicia Keys, Movado and Vybz Cartel and more, but as you can see; I love different genres. Most of all, my mother and kids. They're so supportive and I need to be able to give them the life they're deserve to live.

When I write my songs, I think about life. My concepts come through my mood or how I'm feeling at the time. My listeners will get a diverse, fun, sad, loving, angry, conscience vibe out of me. They will get to know me a little more just by my music. Im into plenty genres. Hip Hop, RnB, Reggae/Dancehall, Pop, House, Rock, etc lol. Be on the look out! I hope to inspire people with my life through music, to show that it can be done. Even if your the only one who has faith in you.
